Threshold Enterprises Ltd. (“Threshold Enterprises”), a corporation of Delaware with its principal place of business at 23 Janis Way, Scotts Valley, California 95066, believes it will be damaged by the registration of Applicant’s Mark in International Classes 05 and 32, and hereby opposes the same, in accordance with Section 13 of the Trademark (Lanham) Act of 1946, 15 U.S.C. § 1063.

¹ Per the Board’s Order mailed December 9, 2015, Opposition No. 91224750 and 91224791 are consolidated and Opposition No. 91224750 was designated the “parent case.” The Board’s Order further stated that separate answers should be filed in each opposition prior to commencing the practice of filing a single copy in the parent case. Both consolidated oppositions are listed in the caption but separate answers will be filed in each opposition per the Board’s Order.

Threshold Enterprises has obtained the necessary extensions of time in which to file this Notice of Opposition.

As grounds for the opposition, Threshold Enterprises alleges as follows:

ALLEGATION NO. 13:

ANSWER:

Denied.

FIRST AFFIRMATIVE DEFENSE

Abandonment/Acquiescence

1. The marketplace in the United States for dietary and nutritional supplements (and the Principal Trademark Register) includes over 80 U.S. registered trademarks that include the expression SOURCE either alone or in combination with other words or elements. Attached as Exhibit A is a list of 80 U.S. registered trademarks that include the expression SOURCE.

2. By virtue of the existence of the multitude of other SOURCE-related marks in the marketplace, Opposer has abandoned any rights that it may have had with respect to SOURCE-related marks other than marks that include the words "source" and "natural."

3. By virtue of the existence of the multitude of other SOURCE-related marks in the marketplace, Opposer has acquiesced to the use of SOURCE-related marks in the marketplace, including Applicant's TRUSOURCE marks, for dietary and nutritional supplements.

SECOND AFFIRMATIVE DEFENSE

Estoppel

4. On July 10, 2014, Opposer filed Appl. Ser. No. 86/333,714 for the mark SOURCE for use in connection with cosmetics in class 3, dietary supplements; herbal supplements; nutritional supplements; food supplements; vitamins in class 5 and wholesale distributorship and mail order

catalog services in the field of dietary, herbal, nutritional, and food supplements and vitamins in class 42.

5. In connection with Opposer's SOURCE application, Opposer's President submitted a signed Declaration stating, among other things, "The signatory believes that to the best of the signatory's knowledge and belief, no other person has the right to use the mark in commerce, either in identical form or in such near resemblance as to be likely, when used on or in connection with the goods/services of such other person, to cause confusion or mistake or to deceive."

6. Upon information and belief, Opposer had knowledge of the multitude of SOURCE-related marks on the principal trademark registration at the time of making the Declaration stated above in Paragraph 5.

7. Applicant relied upon the existence of the multitude of SOURCE-related marks on the principal register for dietary and nutritional supplements and Opposer's failure to prevent or seek cancellation of the third party SOURCE related marks when it filed its trademark application for the mark TRUSOURCE.

8. Opposer should be estopped from asserting its SOURCE and SOURCE NATURALS marks against Applicant's applications after Applicant's reliance on Opposer's prior statements and activities.

THIRD AFFIRMATIVE DEFENSE

Fraud

9. Upon information and belief, Opposer was aware of other third-party marks, including federally registered marks, that incorporate the expression SOURCE either alone or in combination with other words and designs. In light of Opposer's allegations in its Amended Notice of Opposition, Opposer's statement in its Declaration described above in Paragraph 5 was false.

10. The existence of third-party marks that are likely to cause confusion or mistake when compared to Opposer's SOURCE Mark is material to the registrability of Opposer's trademark.

Upon information and belief, Opposer submitted the declaration described in Paragraph 5 above with the intent to deceive the United States Patent and Trademark Office.

FOURTH AFFIRMATIVE DEFENSE

Unclean Hands

11. In light of Opposer's acts of fraud and the related circumstances described above in Paragraphs 4 through 10, Opposer should not be permitted to use its trademark registrations to prevent registration of Applicant's TRUSOURCE marks.

FIFTH AFFIRMATIVE DEFENSE

No Likelihood of Confusion

12. Applicant's TRUSOURCE marks are sufficiently different from Opposer's SOURCE NATURALS marks and Opposer's SOURCE mark with regards to their respective uses and commercial impressions in the marketplace.

13. Given the differences between Applicant's and Opposer's respective marks and the existence of numerous SOURCE-related marks used on similar or related goods in the marketplace, no confusion is likely.

FIRST COUNTERCLAIM

Deceptively Misdescriptive

14. Threshold Enterprises is listed as the owner of U.S. Trademark Registration No. 1,909,705 for SOURCE NATURALS for “vitamins, herbs and nutritional supplements” and U.S. Trademark Registration No. 3,930,397 for SOURCE NATURALS for “cosmetics, namely, ointments, gels, creams, lotions, moisturizers, oils, serums, salves and bath oils, all of which are used for the skin.” in the records of the United States Patent and Trademark Office (the “Threshold Marks”).

15. Upon information and belief, Opposer’s products sold under the Threshold Marks are not made exclusively of natural ingredients. The Threshold Marks are deceptively misdescriptive under Section 2(e) of the Trademark (Lanham) Act of 1946, 15 U.S.C. § 1052(e) by implying that the ingredients of the goods associated with the Threshold Marks are made exclusively of natural ingredients, which upon information and belief, is false. Consumers may plausibly, but wrongly, believe that Opposer’s products contain exclusively natural ingredients and such a consumer may use such a mistaken belief in his/her decision to purchase Opposer’s goods.

16. Wherefore, the Threshold Marks should be cancelled from the Principal Register.

SECOND COUNTERCLAIM

Likelihood of Confusion

17. On October 20, 2015, Threshold Enterprises’ Appl. Ser. No. 86/333,714 for the mark SOURCE issued as Reg. No. 4,837,774 (the “SOURCE Registration”).

18. The mark SOURCE for use in connection with dietary supplements; herbal supplements; nutritional supplements; food supplements; vitamins is likely to be confused with prior existing SOURCE-related trademark registrations, including the registrations listed in Exhibit B hereto.

19. Applicant is damaged by the existence of the SOURCE registration on the principal register, as shown by Opposer’s Notice of Opposition seeking the refusal of registration of Applicant’s TRUSOURCE Marks.

20. Wherefore, the SOURCE Registration should be cancelled from the Principal Register.

THIRD COUNTERCLAIM

Non-use

21. On July 10, 2014, Opposer filed Appl. Ser. No. 86/333,714 as an intent-to-use application for the mark SOURCE for use in connection with cosmetics in class 3, dietary supplements; herbal supplements; nutritional supplements; food supplements; vitamins in class 5 and wholesale distributorship and mail order catalog services in the field of dietary, herbal, nutritional, and food supplements and vitamins in class 42.

22. During the prosecution of Opposer's Appl. Ser. No. 86/333,714 for the mark SOURCE, Opposer submitted a specimen and statement of use on September 1, 2015 (the "SOURCE Specimen").

23. The Source Specimen does not show the Opposer's SOURCE mark in use in commerce as required by 37 C.F.R. § 2.56.

24. Upon information and belief, Opposer has not used Opposer's SOURCE mark in commerce and proven the same as required by 37 C.F.R. § 2.56.

25. On October 20, 2015, Threshold Enterprises' Appl. Ser. No. 86/333,714 for the mark SOURCE issued as Reg. No. 4,837,774 (the "SOURCE Registration").

26. Applicant is damaged by the existence of the SOURCE Registration on the Principal Register, as shown by Opposer's Notices of Opposition seeking the refusal of registration of Applicant's TRUSOURCE Marks.

27. Wherefore, the SOURCE Registration is not entitled to registration on the Principal Register and should be cancelled.

PRAYER FOR RELIEF

WHEREFORE, Applicant prays for relief in the nature of:

- Dismissal of Opposer's Notice of Opposition;

- Finding of no likelihood confusion between Opposer's marks Applicant's TRUSOURCE marks;
- Finding that Applicant's TRUSOURCE marks are not deceptive or deceptively misdescriptive;
- Finding that Opposer's SOURCE NATURAL marks are deceptively misdescriptive and should be cancelled from the Principal Register;
- Finding that Opposer's SOURCE mark is likely to be confused with previously existing trademark registration and should be cancelled from the Principal Register; and/or
- Finding that Opposer's SOURCE mark does not meet the requirements of the Lanham Act for registration on the Principal Register because of non-use and should be cancelled from the Principal Register.
